

Alex Chudakov

Resume & Activities List

Alex Chudakov

Rising 10th Grade

Miami, Florida

Background: I moved permanently to the United States from Russia in **2021**, before entering **6th grade**. I am fluent in both **English and Russian**.

Growing up, our family lived between Russia, Israel, and the United States, giving me an different perspective from an early age. Before relocating permanently to Florida, I attended Cambridge International School Skolkovo in Moscow and The David Posnack Jewish Day School in Florida. Because our family divided time between countries, I gained experience studying in two different schools during the same academic year while successfully adapting to different curricula, cultures, and learning environments.

Academic Profile

Posnack School

Rising 10th Grade (Class of 2029)

Planned 10th Grade Coursework:

- Honors Geometry (did summer acceleration)
- Algebra II Honors
- Honors Chemistry
- Honors Hebrew
- AP Computer Science
- Honors English
- History

- Honors Torah

Academic Interests

Artificial Intelligence • Computer Science • Mathematics • Business • Entrepreneurship

Honors & Awards

- Spring Semester Honor Roll (grade 9)
- Varsity Tennis Team (plays at Varsity Team since 6th grade)

- District Team Champion
- Team MVP (every season since 6th grade)

Research & Independent Projects

AI Tennis Analytics Project (TennisAC – AI Tennis Coach: tennisac.onrender.com)

Founder and Sole Engineer

Built and deployed a web application that analyzes tennis serves and groundstrokes from a single smartphone video. The platform evaluates stroke mechanics, scores key elements of each motion, and generates personalized, coach-style feedback using artificial intelligence.

Technologies: Python, Flask, OpenCV, Claude API, Render

Currently expanding the platform with full body pose estimation and landmark tracking to improve movement analysis and coaching accuracy.

Independent Learning

- Harvard CS50: Introduction to Computer Science (final project submitted; certificate pending)
- Inspirit AI Program (earned certificate)
- Self-directed study in Python and AI fundamentals

Athletics

Varsity Tennis

Competitive USTA and UTR player (UTR 6.7 current standing), trains year-round, District Champion, Team MVP, with the goal of playing NCAA collegiate tennis.

Swimming

Cross-training once weekly to support athletic development.

Music

Studied piano for over 6 years. Performs regularly at school events, annual studio recitals, and community performances. Organized and performed a piano recital at Oakmonte Village Senior Living, using music to bring joy and connection to senior residents.

Leadership, Service & Community Engagement

Friendship Circle Miami (Volunteer)

Volunteer since 7th grade, serving every other Sunday, helping children and teens with special needs through recreational and social activities. Completed 120+ volunteer hours.

Community Music Service

Organized and performed a piano recital for residents of Oakmonte Village Senior Living.

Published Writing

Published an article about an educational trip to Israel in the local Jewish community newspaper. The article appears on page 23 of the magazine
