

Alex Chudakov

Resume & Activities List

10th Grade • Class of 2029 • Miami, Florida

BACKGROUND

I moved permanently from Russia to the United States in 2021, before entering sixth grade. I am fluent in both English and Russian. Growing up, I divided my time among Russia, Israel, and the United States, which gave me an international perspective from an early age. Before settling permanently in Florida, I attended Cambridge International School Skolkovo in Moscow and Posnack School in Florida. Attending two schools during the same academic year taught me to adapt quickly to different curricula, cultures, and learning environments.

ACADEMIC PROFILE

Posnack School | 10th Grade, Class of 2029

10th Grade Coursework

- Algebra II Honors
- Honors Chemistry
- Honors Hebrew
- AP Computer Science
- Honors English

- Team MVP every season since sixth grade

RESEARCH & INDEPENDENT PROJECTS

AI Tennis Analytics Project (TennisAC - AI Tennis Coach)

Founder and Sole Engineer | tennisac.onrender.com

Built and deployed a web application that analyzes tennis serves and groundstrokes from a single smartphone video. The platform evaluates stroke mechanics, scores key elements of each motion, and generates personalized, coach-style feedback using artificial intelligence.

Technologies: Python, Flask, OpenCV, Claude API, Render

Currently expanding the platform with full-body pose estimation and landmark tracking to improve movement analysis and coaching accuracy.
